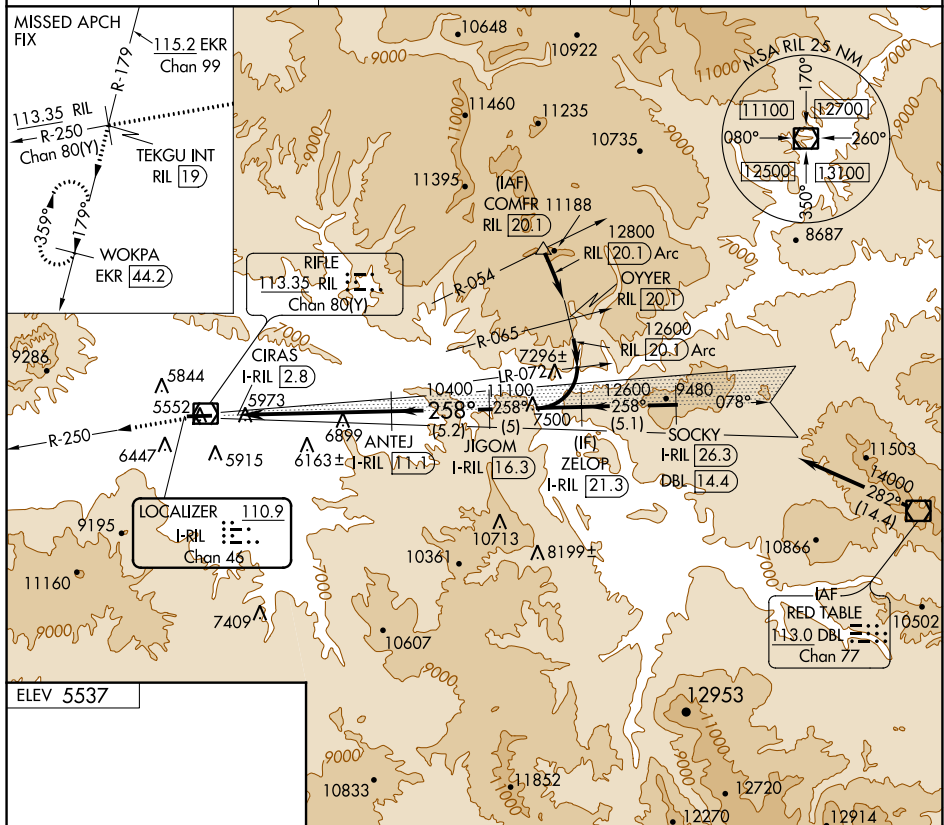

Figure 1 illustrates a 4th step climb profile. The profile starts at 10000 ft and includes a 1.0% climb gradient (UP) and a 258° heading. The profile is divided into segments with various climb gradients and headings. The final segment is a 4.63% climb gradient (TCH 58) leading to a 12600 ft altitude. The profile is labeled with various climb gradients and headings.
