TDZE 36.5

A diagram illustrating a cable configuration. A thick black line representing a cable is angled upwards from left to right. At the bottom-left end of the cable is a star symbol and the letter 'I'. Along the cable, there is a label '0.3% UP' with an upward-pointing arrow. Further up the cable is the label '3500 Y75'. At the top-right end of the cable is a circle containing the number '1'. To the right of the cable, a vertical line points downwards, with an angle of '171°' indicated between this vertical line and the cable.
